

Ying and Yang
Abigail Wollaeger

It starts with a ring
gleaming tears of joy
and one hopeful word
yes
from then on, a bond as Ying & Yang

Then
a peaceful honeymoon
now you're alone
together
as Ying & Yang

Next
is a small, shabby
apartment
though it's small
it'll do
all you need is room
for Ying & Yang

It starts to get cramped
stress makes a new home
bicker
turns into a short disagreement
and for a second
you split
just Ying *then* Yang
but only for a second

After is children
two little boys
It gets more cramped then before
bicker
that turns into disagreements
now turns into arguments
for a while
it's Ying then Yang

Frequent fights
yelling
and crying
broken glass
children scared

A final, hard, decision made
and from then on known as
Ying
then
Yang
